## DOOKS DROP HARD-LUCK GAME IN SIXTEENTH; 5-3

Longest Game of the Year on the Local Field Taken by the Hated Enemy.

BY ART L WILHELM.
Lefty Davis and his Winona gang
hit the Dooks a poke in the nose in the sixteenth inning yesterday and sent them home with the short end of the score. If was sad diddings and the score was 5 to 2 ferninst Darby and his gallant gang.

The scrap was the longest of the year on the local field and Withers went all the way for Duluth while it took Keller and Bell to do the work for Winona.

Coming up from behind, following three run holocaust in the third ming, the Dooks bravely hitched . their little wagon on the tail end of the Winona go-cart and declared it a tie. Then for nine innings nothing stirred except the fluttering hearts of the rabid fans. Time and again the the rabid fans. Dooks, attack failed when it looked like all was over. Fate, working through department G had willed it a million years ago that this game should be lost and the efforts of the rooters and team were unavailing.

Tied Up In Seventh.

In the fourth Winona broke through for three runs. Fautsch singled and Schneider sacrificed. His offering was thrown wild to first and both were safe. De Rusha was hit on the arm. Pulling-a face like a dying gladiator he managed to get to first where he

was refreshed by a drink of water.

Then with the bases full Fautsch recred on a fielder's choice. With two down nd two on, Phillips hit through short and scored both.

Darby started the doings in the Ith with a hit but was forced by Withers Trying to complete a dou-Withers Trying to complete a dou-ble play Ward threw high. Brackett scored James with a two base slap.

In the seventh two walked and Brackett got another two bagger scoring Edmunds. Keller was then yanked and Bell went in retiring the side. In the eighth Collins walked, Ford sacrificed and Wolfe fied up the game with a peppermint strong short. Some blow that.

It Goes On and On. The Dooks should have won in the nth. Harold Bond hit the ball so ard it squawked. The clouting dehard it squawked. mon passed second and tried third. Alas poor Harold we Alas poor Harold we knew

Immediately after-really

the port side of the bag.

that-James Collins singled proudly and had Harold been on third he would have come home to Darby. As it was Collins tried to make up for things and stole second scientifically and with neatness and dispatch. Then Mr. Ford also singled sending Collins to third. Mr. Ford promptly pinched second. Wolfe hit a line drive eastest by south, really—but Fauisph hammed it man threw James C, out at third: Horreble!

In the eleventh a single and a double, and a walk issued intentionally on purpose to Lord Davis, filled the Connell ended it by shooting "skier" to Bond.

In the twellufth "it should ought to of been dld as it was done:" Harold hit sweetly for two bags and then came an error and a walk. Wolfe was retired on a high foul and Darby after having refreshed himself with two drinks of water from the diamond pump skied to Ward. Thusly it went until the arrival of the sixteenth.

With one down Davis was plugged in the slats and took the ambulance to first. Then came an out and a passed ball. Then came a walk and yet another walk. Davis just before the last walk mentioned above, stole home working a double steal with Fautsch. The last run came on a ball that should have been fielded but sad to say was not.

Bell was invincible against us in the sixteenth and all died.

The game today starts at 2 o'clock. Yesterday's score: Winona-
